

20 New Watches You Might Have Missed from Top Brands

Description

Every day, watch brands release new models, ranging from affordable to luxury. This shows that the watch industry is always changing and surprising its fans.

Swatch has launched a special watch called the Omega x Swatch MoonSwatch Mission to the Moon 1969. This watch celebrates 50 years since the Apollo 11 mission, which landed on the Moon. It has parts made from a special gold alloy called Moonshine gold, sourced from Omega's materials from 1969. This watch is limited to just 1,969 pieces.

Frederique Constant has created a new watch called the Classics Runabout Automatic GMT. This limited-edition watch is inspired by the wooden decks of classic Riva boats, showing the brand's connection to boat design.

Doxa has partnered with Topper Jewelers to produce a watch called the SUB T.Graph II 'Great White'. This watch features a white dial that glows in the dark, with a limited run of only 100 pieces.

Lastly, Nomos has introduced the Tetra 27, a smaller square watch that combines classic style with a modern look. The Tetra 27 is available in different materials, from stainless steel to yellow gold, with prices starting from \$2,090.
