The latter part of April is considered a period filled with love and romance. This week will be special as three zodiac signs will experience positive changes in their relationships. The full moon in Libra, a sign associated with love, along with Mercury going direct will ease communication between partners, enhancing their bond.

These three zodiac signs will experience these changes:

1. Cancer: Cancers will strive for peace and happiness in their relationships. The positive energy from the aligning celestial bodies will facilitate communication, promoting love and happiness between partners.
2. Leo: Leos may finally propose to their beloved ones, taking a chance towards an uncertain journey but filled with love.
3. Pisces: Pisces will experience a sense of completion, ready to embrace the present with their partners, distancing themselves from past memories that held them back.

Therefore, the week of April 22-28 is forecasted to bring romantic growth, joy, and positivity for these zodiac signs.
