

American Airlines reveals expansion plans for DFW Terminal C

Description

American Airlines, alongside DFW International Airport, inaugurated an extension of Terminal C on Monday, significantly enhancing operations at the airline's largest hub in Fort Worth. This development marks a crucial step in modernising the airport's facilities to improve passenger experiences.

The expansion, which spans 115,000 square feet, introduces five renovated gates and four new ones. Jim Moses, the senior vice president of hub operations at DFW Airport for American, noted that two of the new gates, C33 and C34, commenced operations months prior to the official opening. This early access allowed staff to acclimatise to the updated environment and become familiar with advanced technology and operational changes.

The remaining gates in the extension will soon be integrated into flight schedules, according to American Airlines. The newly designed pier incorporates innovative features, including sustainable windows that adjust according to sunlight, various seating arrangements, and in-seat power for passengers. Ceiling lighting highlights where boarding and seating areas are located. Furthermore, the terminal showcases American's electronic boarding gates, currently being tested in Terminal A.

Moses explained that this upgrade provides a glimpse into the future of Terminal C, featuring modern lighting, contemporary seating, and an emphasis on customer experience. The new expansion facilitates changes to older gates as part of ongoing improvements. American Airlines commands over 80% of the market share at DFW Airport, operating around 200 daily departures from Terminal C alone.

The expansion allowed the airport to implement modular construction, wherein sections of the pier were constructed off-site and transported to the airport, expediting the project's timeline by roughly 7.5 months. The Terminal C extension represents the initial phase of a broader terminal overhaul, part of a \$12 billion improvement initiative. This includes enhancements to Terminal A and the construction of Terminal F, the first new terminal at DFW Airport in over two decades, ultimately adding or refurbishing 68 gates.

Vocabulary List:

1. **inaugurated** //ɪˈnɔːgəˌreɪtɪd// (verb): formally opened or started by ceremony
2. **extension** //ɪkˈstɛnʃən// (noun): a new part added to something existing
3. **acclimatise** //əˈklaɪməˌtaɪz// (verb): to get used to a new place or situation
4. **sustainable** //səˈsteɪnəbəl// (adjective): good for the environment and long-lasting
5. **modular** //ˈmɒdʒələr// (adjective): made of separate parts that fit together
6. **overhaul** //ˈoʊvərˌhɔːl// (noun): a big change to improve something

Comprehension Questions

Multiple Choice

1. What did American Airlines inaugurate at DFW International Airport?
Option: A new airline
Option: An extension of Terminal C
Option: A parking lot
Option: A new terminal
2. How many square feet does the expansion of Terminal C span?
Option: 100,000
Option: 110,000
Option: 115,000
Option: 120,000
3. What is the name of the senior vice president of hub operations at DFW Airport for American?
Option: Jim Moses
Option: John Doe
Option: Sam Smith
Option: Mike Johnson
4. How many new gates were introduced in the Terminal C extension?
Option: Two
Option: Three
Option: Four
Option: Five
5. What feature does the newly designed pier incorporate?
Option: An amusement park
Option: Sustainable windows
Option: A large food court
Option: A helicopter pad
6. What percentage of market share does American Airlines command at DFW Airport?
Option: 60%

- Option: 70%
- Option: 80%
- Option: 90%

True-False

- 7. The Terminal C extension adds four new gates.
- 8. American Airlines operates only 100 daily departures from Terminal C.
- 9. The expansion project was completed ahead of schedule by approximately 7.5 months.
- 10. Jim Moses is the chief executive officer of American Airlines.
- 11. The expansion project is part of a \$12 million improvement initiative.
- 12. Terminal F is the first new terminal at DFW Airport in over two decades.

Gap-Fill

- 13. The expansion of Terminal C allowed American Airlines to implement modular construction, speeding up the project's timeline by roughly _____ months.
- 14. The upgraded Terminal C features modern lighting, contemporary seating, and an emphasis on _____ experience.
- 15. This expansion represents the initial phase of a broader terminal overhaul, part of a \$ _____ billion improvement initiative.
- 16. The new terminal extension includes five renovated gates and _____ new ones.
- 17. American Airlines operates around _____ daily departures from Terminal C alone.

18. The terminal showcases American's electronic boarding gates, currently being tested in Terminal

Answer

Multiple Choice: 1. An extension of Terminal C 2. 115,000 3. Jim Moses 4. Four 5. Sustainable windows 6. 80%

True-False: 7. True 8. False 9. True 10. False 11. False 12. True

Gap-Fill: 13. 7.5 14. customer 15. 12 16. four 17. 200 18. A

Vocabulary quizzes

Multiple Choice (Select the Correct answer for each question.)

1. What does the term 'approval' generally refer to?

Option: Disagreement

Option: Acceptance

Option: Neglect

Option: Dismissal

2. What type of light is ultraviolet?

Option: Visible light

Option: Infrared light

Option: Non-visible light

Option: Radiowaves

3. Which of the following best describes a sustainable practice?

Option: Short-term profit

Option: Resource depletion

Option: Environmental conservation

Option: Waste generation

4. What is a common reason to conduct an overhaul?

Option: Increase efficiency

Option: Reduce costs

Option: Minimize risks

Option: Both increase efficiency and reduce costs

-
5. What does 'modular' often refer to in design?
Option: Single piece
Option: Custom-built
Option: Interchangeable components
Option: Lightweight materials
6. What does it mean if systems are interconnect?
Option: They operate independently
Option: They are linked together
Option: They function separately
Option: They are isolated
7. What does it mean to acclimatise to a new environment?
Option: To become uncomfortable
Option: To adjust to new conditions
Option: To ignore the surroundings
Option: To resist change
8. What is 'valuation' commonly related to?
Option: Estimating worth
Option: Physical measurement
Option: Financial loss
Option: Market rejection
9. What does skepticism primarily involve?
Option: Blind faith
Option: Trusting others
Option: Doubt and questioning
Option: Passive acceptance

Gap-Fill (Fill in the blanks with the correct word from the vocabulary list.)

10. The decision to cut funding had serious _____ for the community.
11. The _____ of the new parts was done in-house to control quality.
12. The _____ of the deadline allowed more time for project completion.
13. Planning the event required careful _____ management.
14. We need to assess the _____ of this business proposal.

15. The _____ of land marked a significant change in the region's governance.
16. The talks were crucial in maintaining _____ relations between the countries.
17. The new model is expected to _____ all previous sales records.
18. The real estate market experienced a _____ that eventually burst.
19. He ordered a _____ suit tailored specifically to his measurements.

Matching Sentences (Match each definition to the correct word from the vocabulary list.)

20. The company is poised for rapid growth in the upcoming years.
21. The new policy implemented stringent measures to ensure safety.
22. The researchers developed new formulations to enhance the product's effectiveness.
23. The new bridge was inaugurated in a grand ceremony attended by many dignitaries.
24. The goal is to quadruple the production capacity by next year.
25. Efforts were made to mitigate the effects of climate change on local ecosystems.
26. The report claimed that insiders had knowledge of the scandal before it broke.
27. The systems are designed to interconnect seamlessly for improved efficiency.
28. New employees often take time to acclimatise to the company culture.
29. The logistical challenges of organizing an international event are significant.

Answer

Multiple Choice: 1. Acceptance 2. Non-visible light 3. Environmental conservation 4. Both increase efficiency and reduce costs 5. Interchangeable components 6. They are linked together 7. To adjust to new conditions 8. Estimating worth 9. Doubt and questioning

Gap-Fill: 10. repercussions 11. fabrication 12. extension 13. logistical 14. viability 15. cession 16. diplomatic 17. surpass 18. bubble 19. bespoke

Matching sentence: 1. poised 2. stringent 3. formulations 4. inaugurated 5. quadruple 6. mitigate 7. insiders 8. interconnect 9. acclimatise 10. logistical
