Many TikTok users are now on a Chinese app called RedNote.

Some Americans are moving from TikTok to RedNote. They are looking for a new place to share videos and jokes.

RedNote is popular in China. It is easier to use for some people because it does not have strict rules.

Many users say they want to make fun of their government. They feel like they can learn about China and have fun.

## Talking and Learning

People are sharing funny memes and asking each other questions. Some Chinese users help Americans with English homework.

This new friendship is interesting for many. They share pictures of cats and talk about their lives.
