

Bees Invade Soda: Unbelievable Teamwork Video!

Description

Bees are important pollinators in the food chain. They have surprising talents like math skills, face recognition, and tool use. In a video from 2021, two bees were seen opening a soda bottle. Some people think it could be AI or luck. Bees are clever creatures with small brains but can do smart things. They can learn from each other, count, and solve simple math problems. Bees have proved to be intelligent in studies. They have a tiny brain but can accomplish big tasks. Researchers found that bees can use tools and learn new skills. Bees may have more abilities than we think. Next time you're outside, watch out for clever bees around your food and drinks. Be amazed by what these tiny creatures can do!

Option: A. Math skills
Option: B. Face recognition
Option: C. Tool use
Option: D. All of the above
2. In which year were two bees seen opening a soda bottle in a video?
Option: A. 2018
Option: B. 2019

Option: C. 2020

Option: D. 2021

3. What ability do bees have according to studies?

Option: A. Ability to speak

Option: B. Ability to fly

Option: C. Ability to use tools

Option: D. Ability to swim

4. What can bees do despite having a small brain?

Option: A. Remember phone numbers

Option: B. Count and solve math problems

Option: C. Drive cars

Option: D. Bake cookies

5. What should you watch out for next time you are outside, according to the text?

Option: A. Clever birds

Option: B. Clever bees around food and drinks

Option: C. Falling rocks

Option: D. None of the above

6. What surprising talent did researchers find in bees?

Option: A. Playing musical instruments

Option: B. Counting money

Option: C. Using tools and learning new skills

Option: D. Writing poetry

True-False

7. Bees have small brains but cannot do smart things.

8. Bees can learn from each other, count, and solve simple math problems.

9. Researchers did not find that bees can use tools in studies.

10. Bees are not important pollinators in the food chain.

11. Bees were not seen opening a soda bottle in a video in 2021.

12. Bees may not have more abilities than we think.

Gap-Fill

13. Bees have proved to be intelligent in studies. They have a tiny brain but can accomplish _____ tasks.

14. Some people think the bees opening a soda bottle in the video could be due to _____ .

15. Next time you're outside, watch out for clever bees around your food and _____ .

16. Bees are important _____ in the food chain.

17. Bees can learn from each other, _____ , and solve simple math problems.

18. Researchers found that bees can use tools and learn _____ skills.

Answer

Multiple Choice: 1. D. All of the above 2. D. 2021 3. C. Ability to use tools 4. B. Count and solve math problems 5. B. Clever bees around food and drinks 6. C. Using tools and learning new skills

True-False: 7. False 8. True 9. False 10. False 11. False 12. False

Gap-Fill: 13. big 14. AI or luck 15. drinks 16. pollinators 17. count 18. new
