

Crimson Desert Reveals Major Update in Latest Patch

Description

Pearl Abyss has released a large update for Crimson Desert. The new patch is 37 GB on Steam. This is because of many new features and graphics improvements.

The patch adds different difficulty levels. Players can choose easy, medium, or hard. Hard mode has new challenges. For example, players cannot heal from food until they finish eating. This makes boss fights much harder.

Players can now put chests in their houses. These chests store many items like crafting materials and food. There are also new house styles based on players' camp levels.

New pets include birds and five types of cats. Players can now name their horses and pets. The patch also adds new weapons and armor for characters.

There are improvements in combat. Bosses can be hit during their strong attacks now. The game also has better graphics. Characters and objects look clearer and more detailed.

Overall, this patch offers many new features and improvements for players to enjoy.
