

## Dafne Keen to star in Deadpool 3 alongside X-23 and Lady Deadpool according to new trailer

### Description

The final trailer for "Deadpool & Wolverine" by Marvel Studios has revealed some exciting surprises for fans. Lady Deadpool will be making an appearance alongside various versions of the Merc with the Mouth, adding an extra layer of excitement to the film. The character's presence was hinted at in previous teasers, but this trailer showcases Lady Deadpool in all her glory for the first time, leaving fans to speculate on the identity of the actor under the mask.

However, the biggest reveal in the trailer is the appearance of Dafne Keen, known for her role as X-23 in 2017's "Logan" opposite Hugh Jackman. Keen's return as X-23 in the new "Deadpool" movie was not confirmed until now, creating buzz among fans of the franchise. Keen, who initially denied her involvement in the film, expressed her excitement about reuniting with Jackman and praised the director, Shawn Levy.

Keen's misdirection tactics took inspiration from Andrew Garfield, and she shared her initial shock and excitement upon receiving the offer to reprise her role as X-23. The actor even rewatched "Logan" to get back into character before filming her scenes for "Deadpool & Wolverine."

Fans can expect the movie to hit theaters on July 26, and the final trailer can be viewed online. The anticipation for the film's release continues to build as more details emerge about the exciting cast and storyline.
