

Easy Mod: Indiana Jones cosplay made easy with this retro e-bike and sidecar

Description

The Mod Easy Sidecar 3 offers a unique and stylish ride, perfect for those looking for fun and head-turning transportation. Designed by Mod Bike founder Dor Korngold, this retro-style Class 2 bike with a sidecar is reminiscent of World War II-era motorcycles. The bike's chic matte finish and vintage design make it stand out from the crowd.

With a wooden battery compartment and motorcycle-style features, the Mod Easy Sidecar 3 is a sleek and elegant choice for those seeking a different biking experience. The sidecar adds an extra element of fun and style, making it a hit with riders of all ages.

The bike itself is smooth and easy to ride, with integrated torque sensors providing a natural boost to pedaling. Compared to cadence sensors, the torque sensors offer a more seamless riding experience, especially when navigating tight turns and hills. The wide-set handlebars and comfortable saddle enhance the overall driving experience, giving riders a relaxed and enjoyable ride.

Overall, the Mod Easy Sidecar 3 is a must-have for anyone looking for a fun and practical mode of transportation. Whether cruising around town or running errands, this bike is sure to turn heads and provide an unforgettable riding experience.
