Hailey Bieber Unfollows Justin on Instagram Post-Livestream

Description

Recently, fans noticed that Hailey Bieber appeared to unfollow her husband, Justin Bieber, on Instagram after a concerning livestream he did. In the livestream, Justin was shirtless and rapping a new song with droopy eyes, leading to speculation. Following this, Justin briefly deactivated his Instagram account.

As of Monday morning, Hailey still wasn't following Justin on Instagram, although he still followed her. A source mentioned that this may have been due to a "Meta glitch" when Justin deactivated and reactivated his account. Page Six reporters also couldn't see Justin on their following lists.

Rumors about their marriage surfaced in January when Justin unfollowed Hailey on Instagram, prompting him to clarify that it wasn't intentional. The couple dispelled these rumors with cozy Valentine's Day and date night outings.

However, concerns resurfaced when Justin exhibited "strange" behavior at one of Hailey's events. Hailey was reported to be worried about Justin, especially with his online posts hinting at feeling unworthy and having anger issues.

Despite the challenges, Hailey and Justin tied the knot in 2018 and welcomed their son, Jack Blues, in 2024.

Vocabulary List:

1. **Speculation** /ˌspɛk.jəˈleɪ.ʃən/ (noun): The forming of a theory or conjecture without firm evidence.
