The first reactions are in for George Miller's latest venture into the post-apocalyptic wasteland.

The embargo has been lifted for social media reactions to *Furiosa*, the highly anticipated prequel to the 2015 hit *Mad Max: Fury Road*.

This new installment stars Anya Taylor-Joy as Imperator Furiosa (replacing Charlize Theron) and Chris Hemsworth as a cunning warlord in a narrative set 15 years before its predecessor.

Early social media feedback tends to be more enthusiastic than official reviews, but based on the initial reactions, *Furiosa* is praised for its visually stunning action sequences and a story that spans decades, with standout performances from the lead actors.

While some critics compared the film to *Fury Road*, they noted that *Furiosa* operates in a different manner and may not reach the same heights, leading to potential viewer frustrations. However, this departure from the previous film is seen as a positive aspect, with *Fury Road* being hailed as one of the best action movies of the century.

Overall, initial reactions point to *Furiosa* as a must-see film, and it is set to hit theaters on May 24.
