

## Leaked Hands-On Photos Reveal Galaxy S25 Ultra Details

### Description

- ? The Galaxy S25 Ultra has surfaced again.

- ? This time, it appears in real-world photos, courtesy of a Reddit user.
- ? Screenshots of One UI 7 have also been disclosed.
- ? The S25 Ultra is anticipated to launch on January 22.

The Galaxy S25 Ultra is reportedly visible in new photographs posted by a Reddit user, u/GamingMK, as detailed by [Android Authority](#). The images reveal a device reminiscent of the Galaxy S24 Ultra, yet adorned with modifications expected in the S25, such as flatter sides. The external appearance mirrors previous renders we've seen.

Fresh images emerged shortly after a video demonstrating the phone's design was leaked, showcasing its flatter sides and typical camera arrangement. Notably, these photos also clarify that the S Pen is positioned in its traditional left-side slot, contrary to initial expectations of a relocation.

As Samsung gears up for the release, rumors suggest enhancements, including a Snapdragon 8 Elite processor, a 200MP camera, and a robust 5,000mAh battery with rapid charging capabilities. The S25 Ultra is set to debut alongside the Galaxy S25 and S25 Plus, possibly accompanied by the elusive Galaxy S25 Slim.
