

Michaela DePrince's Mother Passes Away, Following Ballerina's Death

Description

Elaine DePrince, the mother of the late ballerina Michaela DePrince, tragically passed away just one day after her adopted daughter. Michaela, aged 29, lost her life, followed by Elaine, who was 77, during a routine medical procedure. According to a statement shared on Facebook by Jessica Volinski, a family spokesperson, Elaine had been battling a hereditary disease and heart failure for years, unaware of Michaela's sudden passing before her procedure.

The family clarified that the two deaths were unrelated, sparing Elaine the pain of losing a fourth child. The DePrince family is facing unimaginable grief, dealing with the loss of both Michaela and Elaine within a 24-hour period. They ask for privacy during this difficult time.

Elaine DePrince's Facebook page announced her passing, revealing her long battle with health issues. She is survived by her children and is remembered for her strength and dedication to her family.

Michaela's remarkable journey from being an orphan in Sierra Leone to an internationally acclaimed ballerina is an inspiring story. Her artistry and spirit touched many hearts, leaving a lasting impact on the world of ballet.

Continuing her legacy, Michaela's chosen family, friends, and admirers are mourning her untimely death, honoring her resilience and the beauty she brought to the world.
