# New Electric Porsche Cayenne Coupe Unveiled for 2026

## Description

Porsche has introduced the Cayenne Electric, including a new variant called the Cayenne Coupe Electric, which will be available in dealerships this summer. This model is significant because it meets the demand for coupes, which made up 40% of all Cayenne sales in the U.S. last year.

The Cayenne Coupe Electric has a sleeker design, featuring a lower roofline compared to the standard electric version. It is designed with improved aerodynamics, which helps reduce wind resistance. For example, it has a drag coefficient of 0.23, similar to a Tesla Model 3. There is a large adaptive spoiler at the rear, and Turbo models will have sliding aeroblades to enhance efficiency during driving.

Inside, the car closely resembles the standard Cayenne Electric but has a reduced cargo space due to its design. A panoramic sunroof comes as standard, and the car can be fitted with features like a Lightweight Sport Package, which reduces its weight and improves performance.

Porsche will offer three versions of the Coupe: base, S, and Turbo. All versions feature advanced electric motors and a large battery pack, allowing for fast charging and impressive acceleration. The starting price for the base model is \$116,150, which is \$4,800 more than the standard Cayenne. Deliveries of all versions will start at the end of summer.

---

## Vocabulary List:

1. **variant** //ˈvɛəriənt// (noun): a different form or type of something
2. **demand** //dɪˈmænd// (noun): people wanting to buy or have something
3. **aerodynamics** //,ɛrəʊdaɪˈnæmɪks// (noun): how air moves around a moving object
4. **drag** //dræg// (noun): force that slows an object moving through air
5. **efficiency** //ɪˈfɪʃənsi// (noun): how well something uses time or energy
6. **acceleration** //æk,sɛləˈreɪʃən// (noun): how quickly something increases its speed

## Comprehension Questions

### Multiple Choice

1. What new variant of the Cayenne Electric has Porsche introduced?

- Option: Cayenne Sport Electric
- Option: Cayenne Coupe Electric
- Option: Cayenne SUV Electric
- Option: Cayenne Hybrid Electric

2. What percentage of all Cayenne sales in the U.S. last year were coupes?

- Option: 30%
- Option: 40%
- Option: 50%
- Option: 60%

3. What is the drag coefficient of the Cayenne Coupe Electric?

- Option: 0.20
- Option: 0.21
- Option: 0.22
- Option: 0.23

4. What feature comes as standard in the Cayenne Coupe Electric?

- Option: Navigation system
- Option: Panoramic sunroof
- Option: Leather seats
- Option: Upgraded sound system

5. What is the starting price for the base model of the Cayenne Coupe Electric?

- Option: \$112,000
- Option: \$114,000
- Option: \$116,150
- Option: \$120,000

6. Which of the following features is included in the Lightweight Sport Package?

- Option: Improved aerodynamics
- Option: Increased cargo space
- Option: Reduced weight
- Option: Enhanced audio system

### True-False

7. The Cayenne Coupe Electric will be available in dealerships next winter.

8. The design of the Cayenne Coupe Electric features a higher roofline than the standard version.
9. All versions of the Cayenne Coupe Electric feature advanced electric motors.
10. The Cayenne Coupe Electric has increased cargo space compared to the standard Cayenne Electric.
11. Deliveries of the Cayenne Coupe Electric will start at the end of summer.
12. The Turbo models of the Cayenne Coupe Electric do not have sliding aeroblades.

### Gap-Fill

13. The Cayenne Coupe Electric has a drag coefficient of \_\_\_\_\_.
14. Porsche will offer three versions of the Coupe: base, S, and \_\_\_\_\_.
15. A panoramic sunroof comes as \_\_\_\_\_ in the Cayenne Coupe Electric.
16. The starting price for the base model is \$116,150, which is \_\_\_\_\_ more than the standard Cayenne.
17. The coupes made up \_\_\_\_\_ of all Cayenne sales in the U.S. last year.
18. Deliveries of all versions will start at the end of \_\_\_\_\_.

### Answer

**Multiple Choice:** 1. Cayenne Coupe Electric 2. 40% 3. 0.23 4. Panoramic sunroof 5. \$116,150 6. Reduced weight

**True-False:** 7. False 8. False 9. True 10. False 11. True 12. False

**Gap-Fill:** 13. 0.23 14. Turbo 15. standard 16. \$4,800 17. 40% 18. summer
