
Questlove Reflects on Ignoring Struggling Black Artists' Needs

Description

Questlove has candidly shared his reflections on mental health, expressing regret over his inability to intervene for some of his past collaborators who faced significant struggles.

During a question-and-answer session following the screening of his latest documentary, *SLY LIVES! (aka The Burden of Black Genius)*, the acclaimed musician and Oscar-winning director drew parallels between Sly Stone's decline from stardom in the 1970s and the immense pressures that African American artists frequently endure. Questlove, whose full name is Amir Thompson, lamented witnessing the deterioration of numerous musicians he worked with during their pursuit of success.

"I can only think of one who seems to have emerged unscathed," remarked Questlove, now 54, referencing 12 artists he collaborated with at Electric Lady Studios in New York City. "It is disconcerting that out of those 11, there invariably exists a moment of sabotage or panic that threatens to derail their careers."

"I often wish I could have staged an intervention," he added wistfully.

In crafting this unconventional documentary, Questlove had numerous artists in mind, including SZA, Solange, Michael Jackson, Prince, Whitney Houston, and Lauryn Hill.

He described the film as "perhaps my closest attempt to sound the alarm for every artist I've ever encountered."

Acknowledging his own struggles with the destructive impulses that accompany fame, he reflected on why he previously felt unmotivated to intervene.

"My tendencies to overwork and overeat resonate with panic. My struggles are perhaps even more pronounced," Questlove elaborated. "Yet, unlike his [Stone's] vices, mine are less conspicuous."

Since ceasing performances in 2020, Questlove has dedicated himself to therapeutic practices, advocating for the importance of prioritizing mental health.

The latest documentary project from Questlove, who previously directed the Oscar-winning *Summer of Soul* and *Ladies and Gentleman... 50 Years of SNL Music*, chronicles the life of Sly Stone, founder of the iconic

funk-rock ensemble, Sly and the Family Stone, known for their influential hits from the late 1960s and early 1970s, including "Everyday People" and "Family Affair." Stone, who is now 81, has publicly battled substance abuse for many years.

Scheduled for release in 2025, Questlove believes *SLY LIVES! (aka The Burden of Black Genius)* arrives at a time when societal awareness will be heightened and "we're on a beneficial path."

"I hope that many more artists will see this film and begin to ask the necessary questions and embark on their own journeys of self-discovery," he concluded.

SLY LIVES! (aka The Burden of Black Genius) is set to be available for streaming on February 13 via Hulu.

Vocabulary List:

1. **Documentary** /ˌdɒk.jʊ'men.tər.i/ (noun): A film or television program that provides a factual report on a particular subject.
