## Rare gold LEGO piece found at Pennsylvania Goodwill up for sale

### Description

A 14-karat gold LEGO piece found at a Goodwill Warehouse in Pennsylvania is now up for auction. The piece, called the Bionicle Golden Kanohi Hau Mask, is believed to be one of only 30 in existence. Goodwill workers found it in a box of random jewelry and hope to raise \$5,000 through an online auction. The highest bid so far was \$33,000, but the winner failed to pay. The auction has already reached over \$4,000. The piece is rare and collectors are eager to find it. Goodwill is amazed by the discovery and the potential value of the find. They are now looking for the right collector to purchase it. You can find the auction on [shopgoodwill.com](http://shopgoodwill.com).
