

## Rivian R2 2026: Price, Trims and Availability Revealed

### Description

The Rivian R2 will be available this spring. It will have a high-end version called the R2 Performance. The starting price is \$57,990, and it has two electric motors with 656 horsepower.

Rivian first announced the R2 last year. The base model will cost \$45,000 but will not be sold until late 2027. The R2 Performance will come out before that. It can go from 0 to 60 miles per hour in 3.6 seconds and can travel over 300 miles on one charge.

The R2 Performance will come with big wheels, special suspension, and many other features. There will be options to add different wheels and a spare tire. Rivian will also offer the R2 Premium. This version will be ready in early 2027 and will start at \$53,990.

The R2 Standard will be available in late 2027. This model has one motor and can drive more than 265 miles. The R2 will also have ample space for cargo inside.

### Comprehension Questions

#### Multiple Choice
