## Sony Removes 8K Tag from PlayStation 5 Boxes

### Description

Sony has decided to remove the 8K tag from PlayStation 5 boxes, a feature that was prominently displayed since the console's launch. The new boxes now only mention the capabilities of 4K/120 fps and HDR, omitting any reference to 8K output. This change was noticed by Digital Foundry's John Linneman, who pointed out the absence of the 8K tag on recent PS5 boxes.

While Sony had initially marketed the PS5 as compatible with 8K displays, the reality is that very few games actually support this resolution. The adoption of 8K TVs is also limited, making it a less relevant feature for console gamers. Microsoft had also highlighted 8K support for the Xbox Series X, but Xbox head Phil Spencer acknowledged that 8K is still considered "aspirational technology" and may not become standard in video games for years to come.

For more insights on the PS5's potential for 8K output, readers can explore IGN's analysis of what would be required for games to transition to this higher resolution.

## Vocabulary quizzes

### Multiple Choice ( Select the Correct answer for each question. )

1. Which of the following words means to exhibit or display something prominently?  
Option: Efficiency  
Option: Showcase  
Option: Lapses  
Option: Advancements
2. What term is used to describe the climate of a small or restricted area?  
Option: Microclimate  
Option: Plethora  
Option: Cultish  
Option: Optimized
3. Which geological feature is a large volcanic crater formed by a major eruption?  
Option: Calderas  
Option: Gyroscopes  
Option: Expansion  
Option: Struggling
4. Which term refers to a system of measurement based on the meter kilogram and second as units?  
Option: Aspirational  
Option: Geological  
Option: Metric  
Option: Reasoning
5. In computing what is the term for the state of an electronic device when it is operating with reduced functionality?

- Option: Compatible
- Option: Observatories
- Option: Safe mode
- Option: Limitations

6. Which term describes regions on Earth that are located near the equator?

- Option: Equatorial
- Option: Consequences
- Option: Volcanoes
- Option: Remove

7. What do we call the clear understanding of a complex situation?

- Option: Omit
- Option: Expansion
- Option: Insights
- Option: Crack

8. Which term refers to the action of thinking about something in a logical sensible way?

- Option: Volcanoes
- Option: Reasoning
- Option: Intrigue
- Option: Prominently

- Option: Gyroscopes
- Option: Struggling
- Option: Achievements
- Option: Geological

10. Which word signifies progress improvements or developments?

- Option: Aspirational
- Option: Advancements
- Option: Clarity
- Option: Geological

**Gap-Fill ( Fill in the blanks with the correct word from the vocabulary list. )**

11. For the software to work properly it needs to be \_\_\_\_\_ with your operating system.

12. Many young entrepreneurs have \_\_\_\_\_ goals of building successful global

businesses.

13. The company implemented new strategies to ensure its processes were \_\_\_\_\_  
for maximum efficiency.

14. The study of rocks minerals and Earth's structure falls under the field of \_\_\_\_\_  
sciences.

15. One major \_\_\_\_\_ of the current technology is its inability to handle large volumes of  
data.

16. The new shopping mall offers a \_\_\_\_\_ of dining options ranging from fast food to fine  
dining.

17. Many modern devices such as smartphones contain \_\_\_\_\_ for orientation and  
stability purposes.

18. Every decision we make has potential \_\_\_\_\_ that we need to consider.

19. The astronomers used the latest telescopes at the \_\_\_\_\_ to study the newly  
discovered comet.

20. Improving the company's processes led to increased \_\_\_\_\_ and higher overall  
productivity.

**Matching Sentences ( Match each definition to the correct word from the vocabulary list. )**

21. The plot of the mystery novel was so captivating that it sparked curiosity and fascination in readers.
22. The art gallery decided to local talent by holding an exhibition for emerging artists.
23. The company's successful year marked a period of rapid growth and into new markets.

24. The followers of the group displayed behaviors that were considered overly devoted and exclusive leading to accusations of being .
25. The region is known for its active creating a unique landscape characterized by frequent eruptions.
26. The software developers worked hard to create an version of the application that would run smoothly on all devices.
