

Today's Stock Market: Live Updates News Article

Description

According to Goldman Sachs, **inflows** into India's **equity** funds have reached a two-year high. They recorded an inflow of \$3.2 billion in February. The national funds' inflow was strong, reaching a new high of \$2.3 billion. Foreign inflows also grew in India, reaching \$2.2 billion in the week ending March 15. However, despite the increased inflows, India's Nifty 50 index saw a slight fall.

China, on the other hand, **exceeded** expectations with its strong **retail** and **industrial** numbers for January and February. Retail sales increased by 5.5%, while industrial production grew by 7%. Overall, it seems that economic growth is strong in both India and China.
